

SC1.204 Endsem S'26 - Memory Based

1. Explain gas liquification diagram: 6
2. Decrease or increase in thermodynamic properties in a given situation: 6
3. Entropy and gibbs energy of coin toss and a reaction: 7
4. Phase diagram and values: 8
5. μ changing with p and T : 6
6. Concentration of all ions given K : 4
7. Mean activity and Ionic Strength: 4
8. Cell reaction and emf formulas basically: 9
